Dear Parent/ Guardian:

The health center will be open again this year for students of West Jefferson High School. Our licensed medical staff will be here to treat your child for any health issue that may arise at school.

The health center's staff consists of a registered nurse, a medical doctor, a nurse practitioner, and a social worker. The registered nurse, nurse practitioner, and social worker are at the clinic on weekdays when school is in session. The clinic hours are 7:15 a.m. to 2:40 p.m. The medical doctor is in the health center on Wednesdays until noon.

The school-based health center will be able to provide medical services such as sports or comprehensive physicals, immunizations, and lab work. The medical staff will be able to assess students who are sick and give over the counter medicines if needed. The social worker is available to provide assessments, education, and counseling as needed. The purpose of the health center is to keep students at school and to allow parents to stay at work. Health centers are in numerous schools around the state and have been providing services successfully to students for over 20 years.

Please fill out the attached consent form carefully if you would like to take advantage of the clinic. A parent or guardian must be the one to print and sign their name on the consent form. Your child cannot be seen in the Health Center without a completed consent form. If the consent form is incomplete, it will be returned for completion.

The consent form will be effective for the entire time that your child is enrolled in a Jefferson Parish Public School System school that is served by the Jefferson Parish School-Based Health Centers. We will send you a one page form every year to update addresses, phone numbers and allergies.

If you have any questions, please feel free to call the Health Center at 367-4407.
